# MINUTES OF MEETING

## DBS – Software Engineering Department

SEECS, NUST

| | |
|---|---|
| **Date** | Monday, 20 April 2026 |
| **Time** | 12:00 PM |
| **Venue** | Online |
| **Chair** | Dr. Momina Moetesum (HoD, Software Engineering Department) |
| **Meeting Type** | Departmental Board of Studies (DBS) – SE Department |

## Attendees

| # | Name | Designation / Role |
|---|---|---|
| 1 | Dr. Momina Moetesum | HoD, Software Engineering (In Chair) |
| 2 | Dr. Aimal Tariq | Associate Professor - Criteria 1 Lead |
| 3 | Dr. Zuhair Zafar | Assistant Professor - Criteria 2 Lead |
| 4 | Ms. Mehwish Kiran | DLQEC |
| 5 | Dr. Ayesha Maqbool | OBE/SAR Coordinator |

The meeting commenced with a welcome note from the HoD, Software Engineering. The members were informed that the primary agenda of the meeting was to review and formally approve the revisions made in the following survey forms:

- Graduate Exit Forms
- Alumni Survey Form
- Employer Feedback Form

## Agenda Item 1: Review and Approval of Revised Graduate Exit Forms

### Background:

- During the last PEC Accreditation Visit in 2023, the evaluation team pointed out that the assessment methods for achieving PLOs through indirect means need improvement, especially in the case of the Graduate Exit Survey Form.
- Moreover, to ensure alignment of the Software Engineering curriculum with the PEC directive on the revised 11 PLOs, the SE Department has updated its curriculum, reducing the total number of PLOs from 12 to 11 since Fall 2024.
- As a result, the Software Engineering Department has thoroughly reviewed and revised the questions of the Graduate Exit Survey Form to cater for both the old framework (12 PLOs) and the revised framework (11 PLOs), ensuring continuity and traceability across student batches.

### Discussion:

- The revised Graduate Exit Forms were presented by DLQEC Ms. Mehwish Kiran.
- The revised questions and their mapping to both the 12-PLO framework (applicable to earlier batches) and the 11-PLO framework (applicable to revised curriculum batches) were presented and reviewed by the house.
- The house deliberated on the adequacy of the revised questions in capturing indirect PLO attainment evidence and their alignment with PEC graduate attributes.
- The house was satisfied that the revised forms comprehensively address the PEC evaluation team's observations and adequately cover both PLO frameworks for the relevant student batches.

### Decision:

- The house formally approved the Revised Graduate Exit Survey Forms (covering both 12-PLO and 11-PLO frameworks) for forwarding to the Faculty Board of Studies (FBS).

### Action Items:

| # | Action | Responsible |
|---|---|---|
| 1 | Finalize and archive the approved Revised Graduate Exit Forms with PLO mapping documentation | DLQEC + Criteria 2 Lead |
| 2 | Present the approved Revised Graduate Exit Forms to FBS | DLQEC |
| 3 | Update Qalam automation to reflect the approved revised forms after FBS approval | DLQEC + ICT Support |

## Agenda Item 2: Review and Approval of Revised Alumni and Employer Survey Forms

### Background:

- The PEC evaluation team's observations during the last accreditation visit also identified the need to improve assessment methods relating to Alumni and Employer feedback mechanisms.
- The Alumni and Employer Survey Forms were reviewed in light of the PEV’s comments to ensure that survey questions map directly and meaningfully to Program Educational Objectives (PEOs).

### Discussions:

- The revised Alumni Survey Form and Employer Survey Form were presented by the Criteria 1 Lead, Dr. Aimal Tariq.
- The revised forms have been restructured to ensure direct alignment of survey questions with the PEO statements, facilitating more accurate and measurable PEO attainment computation.
- The mapping of each survey question to the corresponding PEO was presented and reviewed by the house.
- The house acknowledged that the revised mapping will enable more meaningful KPI computation once validated through the assessment cycles.

### Decision:

- The house formally approved both the Revised Alumni Survey Form and the Revised Employer Survey Form for forwarding to the Faculty Board of Studies (FBS).

### Action Items:

| # | Action | Responsible |
|---|---|---|
| 1 | Archive approved Revised Alumni and Employer Survey Forms with PEO mapping documentation | DLQEC + Criteria 1 Lead |
| 2 | Present approved Revised Alumni and Employer Survey Forms to FBS | Criteria 1 Lead |
| 3 | Deploy revised survey forms for the upcoming data collection cycle | Criteria 1 Team + ILO |

The HoD thanked the members for their contributions to the SAR preparation process and emphasized the importance of maintaining the accreditation timeline.

## Annexures

| # | Annexure |
|---|---|
| A | Revised Graduate Exit Form (PLO-12) |
| B | Revised Graduate Exit Form (PLO-11) |
| C | Revised Alumni Survey Form |
| D | Revised Employer Feedback Form |
