Graduate Exit Sruvery Form

(12 PLOs until Fall 2023 intake)

1. My engineering education has developed the knowledge and skills I will need for my future career.

   Strongly Agree □ Agree □ Neutral □ Disagree □ Strongly Disagree □

2. I can analyze engineering problems using fundamental principles of mathematics, science, and engineering.

   Strongly Agree □ Agree □ Neutral □ Disagree □ Strongly Disagree □

3. I have acquired the ability to analyze and develop solutions for complex, real-world engineering problems involving multiple constraints and stakeholders.

   Strongly Agree □ Agree □ Neutral □ Disagree □ Strongly Disagree □

4. I can independently design experiments, analyze and interpret data, and synthesize findings to draw valid conclusions.

   Strongly Agree □ Agree □ Neutral □ Disagree □ Strongly Disagree □

5. I can select and effectively use the latest tools employed in the engineering industry.

   Strongly Agree □ Agree □ Neutral □ Disagree □ Strongly Disagree □

6. I am able to assess societal, health, safety, legal and cultural implications and the consequent responsibilities relevant to professional engineering practices.

   Strongly Agree □ Agree □ Neutral □ Disagree □ Strongly Disagree □

7. I am able to understand the societal and environmental impacts of engineering solutions and recognize the importance of sustainable development.

   Strongly Agree □ Agree □ Neutral □ Disagree □ Strongly Disagree □

8. I consider ethical principles in my engineering practice and take responsibility for the outcomes of my decisions.

   Strongly Agree □ Agree □ Neutral □ Disagree □ Strongly Disagree □

9. I can work effectively both independently and as part of a team on projects that involve collaboration across diverse technical and non-technical fields.

   Strongly Agree □ Agree □ Neutral □ Disagree □ Strongly Disagree □

10. I can express technical concepts through reports, presentations, and discussions with both technical and non-technical audiences.

    Strongly Agree □ Agree □ Neutral □ Disagree □ Strongly Disagree □

11. I am able to apply engineering and management skills to contribute to or lead projects in multidisciplinary teams.

    Strongly Agree □ Agree □ Neutral □ Disagree □ Strongly Disagree □

12. I have the ability to recognize the importance of and pursue lifelong learning in the broader context of innovation and technological developments.

    Strongly Agree □ Agree □ Neutral □ Disagree □ Strongly Disagree □
