NUST School of Electrical Engineering and Computer Science

Software Engineering Department

Student Internship Evaluation Form

The purpose of this evaluation is to obtain feedback on the performance of Software Engineering internees, while working at your organization. The survey focuses on the learning outcomes of the Software Engineering program at SEECS NUST.

Organization/Department: _____

Student Name: _____

Duration of Internship in weeks: _____

Name of Supervisor: _____

Percentage of attendance during internship: _____

Please evaluate the student's performance based on the following scale.

A: Excellent (5) **B: Very Good (4)** **C: Good (3)** **D: Fair (2)** **E: Poor (1)**

Questions	A (5)	B (4)	C (3)	D (2)	E (1)
1.Ability to apply engineering knowledge to solve tasks given at workplace.					
2. Ability to identify, analyze and solve engineering problems					
3. Ability to design and develop systems and solutions for complex engineering problems					
4. Ability to investigate complex problems using experimental design, data analysis, and information synthesis, to draw valid conclusions.					
5. Ability to utilize modern engineering and IT tools in practice.					
6. Ability to understand the impact of engineering solutions and their ability to operate effectively in multi-disciplinary environments.					
7. Ability to understand environmental and sustainability issues and assess the impact of engineering solutions on them.					
8. Professional, reliable and punctual in meeting commitments and deadlines at work.					
9. Ability to function effectively as an individual, and as a member or leader in diverse teams.					
10. Ability to create effective documentation, deliver impactful presentations, and handle instructions carefully.					
11. Ability to apply management and decision-making skills for assigned tasks.					
12. Demonstrate interest in work, and acceptance of constructive criticism, feedback and learn from it.					

Project/Task assigned:

_____

_____

_____

Remarks:

_____

_____

Date of Evaluation: _____

Signature of Evaluator: _____

To be filled by the Department of Software Engineering, SEECS, NUST

Academic Supervisor's Evaluation:

Academic Supervisor's name: _____

Designation: _____

Project/task marks: _____

Signature: _____
