Course Description:

NUST Community Service Learning Course CSL-402 (0-1) is being offered to all NUST students. The course comprises 18 hour of theoretical work (workshops) and 30 hour of field work. During field work students will be completing as at least two different assignments. Apart from that, students are expected to propose an activity either independently or at a philanthropist organization/location of their choice. All field assignments are to be undertaken after approval of faculty in charge of the course.
